We create
what doesn't exist yet.

ONIRIA Investments is a new-generation real estate developer shaping exceptional places in Zanzibar. Driven by design, architecture and a belief in the extraordinary potential of the island, we create developments that go beyond property — places with identity, emotion and enduring value.

From the way a building meets its surroundings to the way life unfolds within it, every detail is considered. Global thinking meets the character, culture and natural beauty of Zanzibar to create destinations that could exist nowhere else.

A full-page photograph of a sunset over the ocean. The sun is a bright, glowing orb in the upper right, casting a long, shimmering reflection down the center of the water. The sky is a mix of soft orange, yellow, and pale blue. In the lower right, a small sailboat with a single white sail is visible on the dark blue water. The overall mood is peaceful and serene.

Tower B

More than a residence, ONA Towers introduces a new expression of elevated living in Zanzibar. Rising as two sculptural landmarks in Mazizini, the towers are shaped by light, ocean breezes and the horizon. Flowing lines, expansive terraces and panoramic views create homes where contemporary architecture feels effortless — connected to the natural rhythm of island life.

Sunset

Designed *To see beyond*

Rising above Mazizini, ONA is shaped by light, horizon and the rhythm of island life. Expansive glazing, generous terraces and refined horizontal lines open each residence towards Zanzibar — bringing the ocean, sky and changing light into everyday living.

Two towers. Two perspectives. One unmistakable presence.

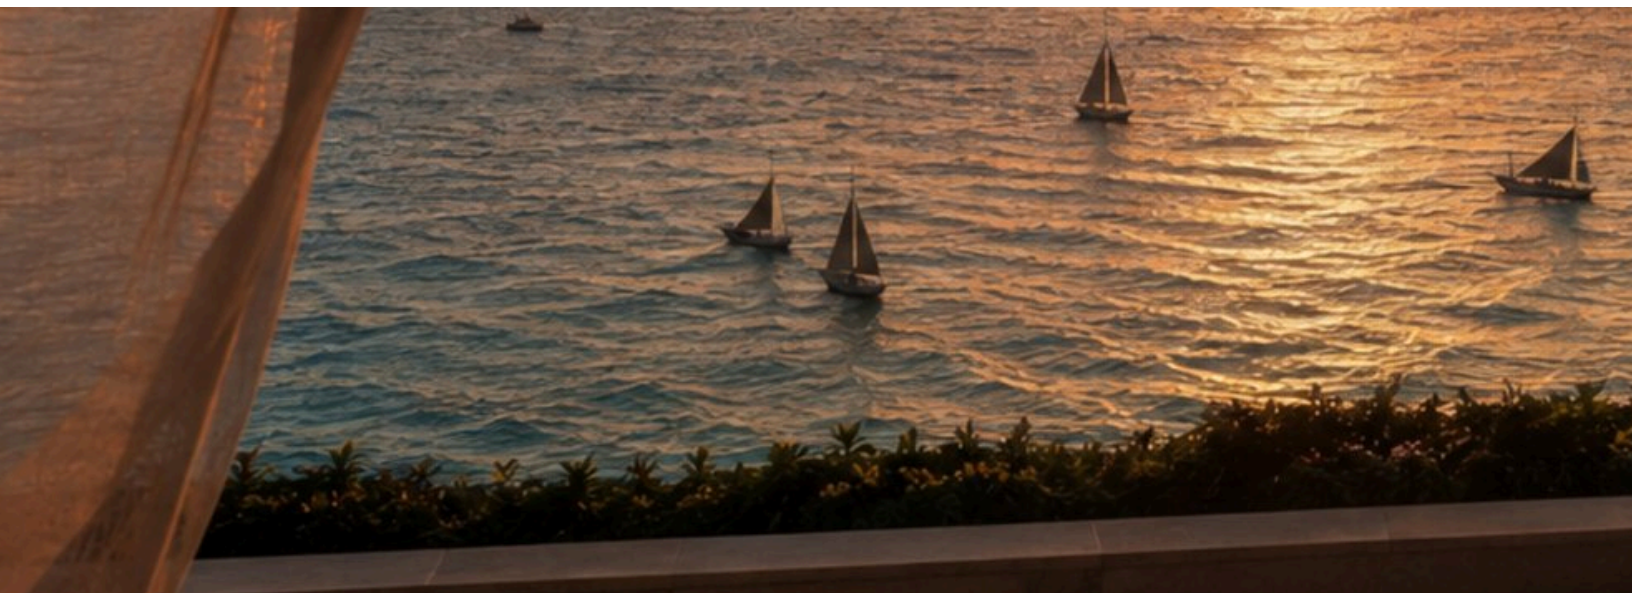

Residences shaped by space, light and horizon.

Across two towers, ONA brings together expansive 2–3 bedroom residences and signature penthouses, each designed to make the most of its elevated position.

Generous proportions, wide terraces and floor-to-ceiling glazing frame views across the ocean and island — creating homes that feel open, calm and connected to Zanzibar.

A landscape made for *people*

At ONA, the space between the buildings matters as much as the buildings themselves.

Cars are kept away from the heart of the development, with dedicated parking at ONA HOUSE — leaving more room for gardens, shaded pathways and everyday life outdoors.

Green by design. Calm by nature.
